Aero Industries Hires Flatbed Products Manager

McCool joins sales department of top trailer accessories manufacturer

INDIANAPOLIS—Aero Industries, Inc. announced today that it has hired Lisa McCool to fill the newly created position of flatbed products manager.

The Indianapolis-based manufacturer looks to McCool to increase market share and find new business opportunities for its industry leading flatbed product line: the Conestoga, Sidekits, boxes and bulkheads.

“The opportunity for Aero in the flatbed market is considerable,” said McCool. “I am excited to be part of building strategies that will take these products, and this company, to the next level.”

McCool comes to Aero from Indiana Glass in Cincinnati, Ohio, where she managed the company’s blown glass products. McCool earned a master’s degree in management from Indiana Wesleyan University and a bachelor’s degree in business and sociology at Indiana University.

Aero Industries manufactures accessories for dumps, flatbeds, and other trucking and transportation applications. Product lines include automated tarp systems, dump liners, flatbed bulkheads and boxes, and the Conestoga sliding tarp system for flatbed and drop deck trailers. Aero Industries opened a new Indianapolis headquarters in January 2005 and has additional manufacturing centers in Ohio and Nebraska. The distribution network includes Canada and Europe.
