**AERO INDUSTRIES PARTICIPATES IN RAISING FUNDS FOR
THE MUSCULAR DYSTROPHY FAMILY FOUNDATION**

*Orange County Choppers designed a custom bike to be raffled off
to benefit the Muscular Dystrophy Family Foundation.*

INDIANAPOLIS - On April 17, 2006 raffle tickets for the MDFF Chopper went on sale for twenty dollars. The MDFF chopper was custom built by Orange County Choppers and tagged with the agency's slogan "No Boundaries", and is valued at over \$75,000 dollars. The goal of the fundraiser is to raise at least \$300,000 dollars for the Muscular Dystrophy Family Foundation. Prior to being raffled off, the MDFF Chopper will make stops in Indianapolis, Ind., Bloomington, Ind., Greenfield, Ind., West Lafayette, Ind., Louisville, Ky., and Metropolis Mall in Plainfield, Ind., where the final raffle will take place on September 16, 2006.

Aero Industries is helping sponsor the effort to raise funds for the Muscular Dystrophy Family Foundation. When an Aero customer places an order for \$3,000 or more, they will receive one entry in the MDFF Chopper raffle, and

when a customer orders \$10,000 or more from Aero, they will receive five entries in the raffle.

“Aero is very excited to be a part of such a wonderful fundraising effort to lead the way in Muscular Dystrophy research and the MDFF,” said, Dave Boyd, President of Aero Industries. “Through our customer incentive program, we hope to significantly contribute to the cause and help make a difference.”

To enter to win the MDFF Chopper, exclusively designed and built by Orange County Choppers, you may go online at www.mdffchopper.com or enter with the purchase of Aero Industry equipment of \$3,000 or more. Without the purchase of Aero products, the cost of purchasing one ticket is \$20 dollars.

“Twenty-dollars is a very small price to pay when considering the cause and the individuals the proceeds of the raffle will benefit,” said Joe Wolfcale, Vice-President of Sales and Marketing of Aero Industries.

Aero Industries manufactures a complete line of accessories for dump trucks, flatbeds, refrigerated trailers, and other trucking and transportation applications. The company serves the North American trucking industry with locations in Indianapolis; Omaha, Nebraska; Burlington, Ontario; and Streetsboro, Ohio. For further information, contact Aero at 1-800-535-9545.

MDFF (Muscular Dystrophy Family Foundation) helps thousands of children and adults with neuromuscular diseases get the costly, adaptive equipment and support they need. From wheelchairs to van lifts to communication devices and beyond, MDFF helps individuals to live with No Boundaries®. The agency also provides comprehensive support programs to

ensure clients' medical and emotional needs are taken care of. MDFF is a registered 501(C)3 nonprofit and is headquartered in Indianapolis.
