Swing Away Bows

Swing Away Bows

Heavy Duty Steel Bows

Heavy duty steel bows in conjunction with a ridge pole, swing out of the way for easy loading

Pull Rope

Pull rope at the rear swings bows to the open and closed position (self latching when swinging to cover position)

Swing Away Bows Saves You Time and Money

Our heavy duty, steel bows swing away in seconds making loading fast, easy and efficient. Having the ability to swing the bows away means a decrease in replacing broken or damaged bows, saving money and getting you on the road quicker.

- › Operation from the ground for safer use
- › Helps eliminate bow damage from loaders
- › Bows swing out of the way in seconds
- › Available with aluminum or fabric front and rear caps
