

# MAXIMUM SPEED AND STRENGTH

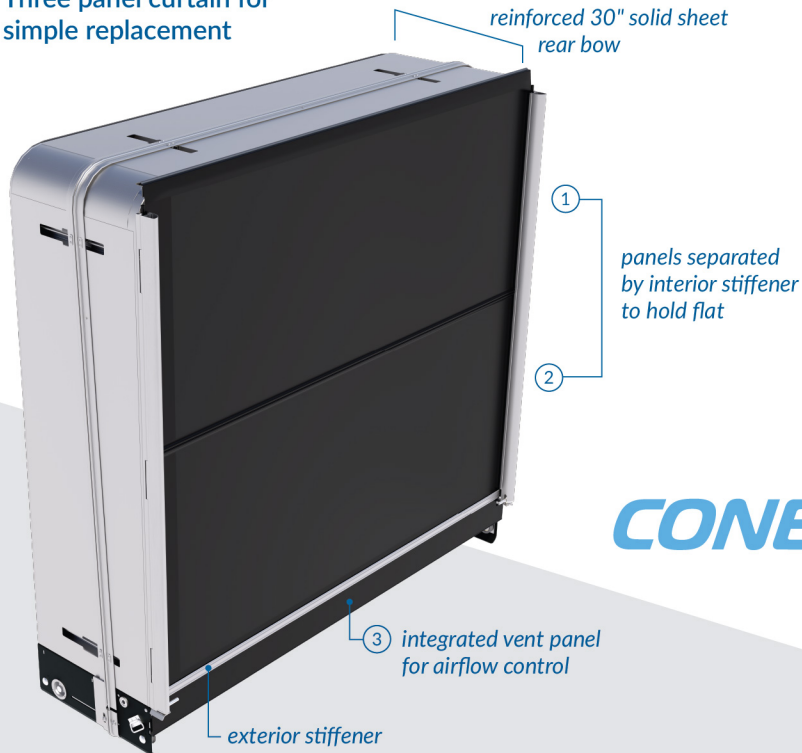

Introducing the industry's only one-of-a-kind, patent-pending rear curtain latch. Engineered for maximum speed, the Aero speed latch allows for effortless, one-handed closure, significantly reducing downtime during every stop. Our unique double rubber clamps combined with integrated stiffeners keep our three panel curtain tight, reducing tarp wear.

One-handed locking operation

Double rubber clamp

Integrated aluminum stiffener

Three panel curtain for simple replacement

**REAR LATCH**  
*one-of-a-kind, one-handed bolt action mechanism*

**RUBBER CLAMPS**  
*hold tight to the curtain eliminating damaging friction caused by wind*

**STIFFENER**  
*aluminum insert holds the curtain securely*
